## ARTESIA TEEN PROGRAM

The Parks and Recreation Department began a Teen Program at AJ Padelford Park in June 2013 after receiving Community Development Block Grant funds through a program with Los Angeles County Community Development Commission. In anticipation of the funding ending in June 2015, the Parks and Recreation Commission began plans to host a golf tournament fundraiser to raise the funds necessary to continue the Teen Program, fund park improvements, and provide funding for community events.

The Teen Program is currently run out of AJ Padelford Park in the newly renovated Teen Center. The Program offers teens a safe and fun place to go after school. The Program offers assistance with homework, opportunities to hear from recent graduates about their college experience and their career choices, campus tours, and social opportunities just for teens. In addition, the participants are involved in community events, and public service opportunities.
